CONNOR, S. W. BARGER, W. E. WESTERMAN, AND H. N. BELL.

And it appearing to the satisfaction of the Court that said petition is signed by more than 200 legal tax-paying citizens and qualified voters of Iron County, Missouri, and that said petition sets forth the object and purpose for which said election is to be held, and that it is necessary for the County of Iron to incur an indebtedness in excess of the total income and revenues of the said County provided for any one year as limited by law, for the purpose of building, paving and maintaining paved, gravelled, macadamized and rock roads and necessary bridges and culverts therein and thereon and that said indebtedness sought to be incurred therefore does not, including the existing indebtedness of said County, exceed in the aggregate 10 per centum of the value of the taxable property of said County as ascertained by the assessment next before the last assessment for State and County purposes.

It is therefore ordered and adjudged by the Court that a special election be held at each and all the Election Precincts in Iron County, Missouri, on

Saturday, the 13th Day of December, 1919,

The same being within 45 days of the making of this order. Said election to be held in the same manner as general elections are held: submitting to the qualified voters of Iron County, Missouri, for their assent, approval and adoption the proposition of issuing bonds of Iron County, Missouri, in the sum of \$200,000, the proceeds of the bonds to be used for the grading, construction, paving and maintenance of paved, gravelled, macadamized and rock roads and necessary bridges and culverts in said County.

It is further ordered by the Court that the Clerk of this Court shall give notice of said special election by causing this order to be published once a week in four separate issues of the Iron County Register and the Areada Valley Enterprise, two weekly newspapers printed and published in Iron County, Missouri, the last insertion to be made prior to the date of said special election.
